

“Teach the Teacher”

You will be starting your first in-class PowerPoint presentation. You will need to teach the teacher and the class about an interest or talent that you have. You will be making one or two slides instructing the class on “how to do” your interest or talent. You must have all of your directions on your slide(s) before inserting graphics.

As a class we will complete this example:

“How to Jump Rope”

- 1)
- 2)
- 3)
- 4)
- 5)
- 6)
- 7)

You must bring in a prop or poster to help you explain this skill to the class. Your presentation will be graded according to the rubric on the back of this sheet. Presentations will begin

-----.
